Subject: Updated legal description for sunshine campground

Importance: High

Dee,

I'm drafting up the Public Land Order. I just learned that the PLO for the partial revocation needs to also include a new legal description for what will remain withdrawn for the Sunshine Campground, backed up by a Legal Description Verification.

This would be Lot 10 and whatever else comprises the campground, using the most recent survey.

The "OLD" description was "Sec. 20, E1/2E1/2SW1/4NW1/4 and SE1/4NW1/4 (less small acreage included in MS-1495 Gilden Age Placer in the E1/2E1/2SW1/4NW1/4.

We need to remove from that description the aliquot parts that became Lots 10 and 11, and then provide a legal description that consists of Lot 10 and whatever aliquot parts remain.

Hope that makes sense.

Respectfully,
